UltraWatch® School

A Connected Safety Solution for Our Schools

- Enhances student safety
- Gives teachers real-time awareness
- Helps schools respond faster

A Pilot Program for Safer, More Connected Schools

A simple, reliable system that supports students, teachers, and school staff with real-time location awareness and alerts.

Student & Teacher Wristbands

Emergency Button
Students and teachers can quickly request assistance.

Real-Time Location
Know where students are on campus and in the classroom.

Built for Schools
Durable, comfortable, and designed for everyday use.

Student Wristbands | Teacher Wristband

The UltraWatch Teacher App

Real-time classroom visibility and instant alerts.

See Your Classroom at a Glance
Know how many students are detected and if anyone is not detected.

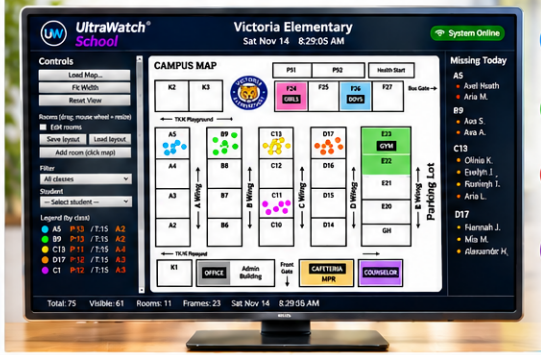

Immediate Alerts
Get notified when a student is not detected or presses their button.

Teacher Emergency Button
A matching wristband lets teachers quickly request assistance.

Simple & Easy to Use
A familiar, clear design built for busy classrooms.

The UltraWatch School Monitoring Center

Real-time, campus-wide view of students and classrooms from a single, easy-to-use dashboard.

Campus Map View
See the real-time location of students across all classrooms.

Missing Today
Quickly see students not detected, by classroom.

SOS Alerts
Get instant alerts from student or teacher wristbands.

Flexible & Scalable
Supports one or multiple classrooms, with a full campus view.

Become a Pilot Partner

Join a limited number of schools testing UltraWatch School in one or two classrooms. Provide feedback, help shape the final solution, and be part of a safer future for students.
